Experience

Senior Digital Marketer

November 2025 - Present

XpertDigi

Agency delivering paid media for United States across home services, plumbing, construction, roofing, landscaping, transportation, travel, medical spa, massage centers, automotive and professional services.

Campaign strategy and scale

- Managed 60+ live accounts and 100+ client projects, leading a 10-person marketing team. Set structure, bidding and budget standards each account was held to, rather than optimizing them case by case.
- Ran eleven documented Google Ads accounts to 1,992 tracked conversions, and nine Google Guaranteed and Google Screened accounts to 14,997 charged leads at 99%+ top impression share.
- Lifted charged-lead volume and top impression share on Google Guaranteed accounts through service-area tuning, review management and bid adjustments.

Measurement and reporting

- Set up and audited Google Analytics 4, Google Tag Manager, Meta Pixel and Conversions API tracking for call, form and purchase events. Fixed discrepancies between platform and backend data before budgets were scaled, so reported conversions matched what clients could see in their own systems.
- Built Looker Studio dashboards and ran monthly reviews tying spend to leads and cost per lead, which is how budget increases were agreed with clients.

Digital Marketing Executive

October 2024 - November 2025

XpertDigi

- Delivered 1,243 tracked conversions and 2,027 phone calls on \$15,929 of spend for a remodeling contractor. Split ad groups by service line and built out negative keyword lists, so budget stopped going to research traffic that never called.
- Worked with designers and content writers on landing pages and ad creative, lifting conversion rates on traffic the accounts were already paying for.

Google Ads and Paid Media Consultant

February 2021 - Present

Self-employed

Direct client work for United States and international advertisers, alongside contract engagements with **Quantaprix AI, BugsTechy, Autobahn Auto Service (Dubai), Digital Growth Catalyze and Zealite Solutions.**

- Grew a locksmith client to 14,220 charged Local Services Ads leads on \$386,180 of lead spend while holding a 99.97% top impression rate. Managed daily budget pacing and service-area coverage, and ran a weekly lead dispute workflow so unqualified charges did not absorb budget.
- Brought a medical spa to \$46.87 per conversion on \$5,770 of spend, producing 123 conversions and 247 calls. Narrowed ad groups to individual treatments and rewrote Responsive Search Ads around the terms that actually booked.
- Converted 214,290 reach and 539,823 impressions into 46 booking conversations on \$4,573 of Meta spend for a wellness brand. Moved the campaign to a messaging objective and tested creative against lookalike and custom audiences instead of buying broad reach.
- Managed individual accounts at budgets up to \$25,000 per month, and a \$25,000 monthly cross-channel budget at 3rdEyeSoft spanning Google Ads, Meta, TikTok, X and Apple Search Ads.

Digital Marketing Manager

November 2023 - October 2024

3rdEyeSoft

- Led a marketing team and owned a \$25,000 monthly budget across Google Ads, Meta, TikTok, X and Apple Search Ads.
- Ran app acquisition campaigns with creative, content and development teams, optimizing toward installs and in-app purchases.
